# Strategic Plan reflects the vision

Clear, high expectations for students, staff and schools so that ***all students are prepared for success in college, careers and citizenship***

## **STROVE HI** Performance System

- Serves as system of *school* accountability approved by US Department of Education
- Substitutes for federal *No Child Left Behind* system of Adequate Yearly Progress
- Approved conditionally by US ED in 2013 and 2014
- Revised and approved without conditions by US ED in 6/2015 for 3 years, through school year 2017-18

# Principles of STRIVE HI

- ***Aligns with state strategic plan goals and strategies***
- Uses ***multiple measures*** to move beyond just achievement on one test as single performance measure
- Emphasizes ***student achievement and growth*** for all students
- Includes more opportunities to ***recognize high performing schools and provide focused support for struggling schools***
- Developed with ***school and community input***

# Major approved changes, effective with 2015-16 ratings

- Performance ratings for schools based on ranking of STRIVE HI score by school level (elementary, middle, high)
- Opportunity to identify > 5% of schools for recognition
- Addition of “bonus points” for other relevant performance measures, including chronic absenteeism in secondary schools
